Hello HERBEQUE;

Village Green Elementary held an end of the school year Family Fun Night barbeque with none other than HERBEQUE BBQ Catering. The result was nothing short of miraculous. We provided a number of expected attendees based on the 100 reservations we received. Were we ever surprised when at least triple that number of people showed up—all expecting a HERBEQUE dinner! HERBEQUE's staff never batted an eye. They served the last person with the same friendly, enthusiastic service as the first. I commented that it is a good thing they are "people of God" because I had never seen anything like the service.

I don't know where the food came from, but like loaves and fishes, it just kept coming until everyone had eaten. One thing everyone agreed on is that everything was simply delicious! The ribs and pulled pork are especially delectable—the pork slow cooked, moist and tender—with the most delicious lip-smacking sauce! HERBEQUE saved what could have been an embarrassing end of the year social. We were rescued by their ability to accommodate so many individuals above and beyond the number expected and did so happily! We will definitely have HERBQUE back again!

Thank you again HERBEQUE!
